

SIS Certifications Pvt Ltd

We Do Not Sell, We Certify!

NEWSLETTER - APRIL 2024

As we step into the vibrant month of April, I wanted to take a moment to connect with each of you and share some thoughts as we continue our journey of growth and collaboration here at SIS Certifications!

April marks a time of renewal and fresh beginnings, both in nature and within our organization. It's a time to reflect on our achievements, set new goals, and cultivate a spirit of innovation and teamwork.

The start of a new financial year brings with it a sense of renewal and opportunity. It's a time to reflect on our past achievements, learn from our experiences, and set ambitious goals for the future. As we chart our course for the coming months, I want to encourage each of you to approach this new chapter with renewed vigor, enthusiasm, and determination.

I have full confidence in our collective ability to achieve great things. Thank you for your continued dedication, hard work, and unwavering support. Together, I know we can make this new financial year our best one yet.

Thank you for your continued support as we strive for excellence in certification industry.

Arunendra Dvivedi
Managing Director - SIS Certifications Pvt Ltd

Blogs

How is ISO/IEC 27001:2022 related to ISO/IEC 27002:2022 Certification?

Corporate organisations must protect the users' and clients' sensitive information. However, companies have found it difficult to prevent unauthorised access to sensitive, vital, or restricted information. As a result, it can lead to permanent harm to their operations.

What is ISO 22716 GMP for Cosmetics?

ISO 22716 is a comprehensive set of GMP requirements for the cosmetics and personal care sector introduced in 2007. Cosmetics are commodities or materials designed to improve, cleanse, or change a consumer's face or body, such as cosmetics, oral care products, lotions, deodorants, hair products, and scents. The ISO is a globally known non-governmental organization that develops standards for various businesses.

Manufacturing, Chemical industry, Energy, Oil and gas, Transportation, Food and Beverage, Healthcare, Telecommunications, Chemical and Pharmaceutical, Waste Management, Service Industries, Public Sector, Tourism and Hospitality.

Understanding everything about HIPAA Certification

Data privacy and information security are significant in all industries, including the healthcare and IT sectors. The acronym HIPAA refers to the Health Insurance Portability and Accountability Act. It also assists organisations in protecting individuals' private and sensitive data to maintain the integrity and confidentiality of health information. The certification oversees and tracks adherence to domestic and global best practices to preserve the integrity of the healthcare system.
