MD's Special Note

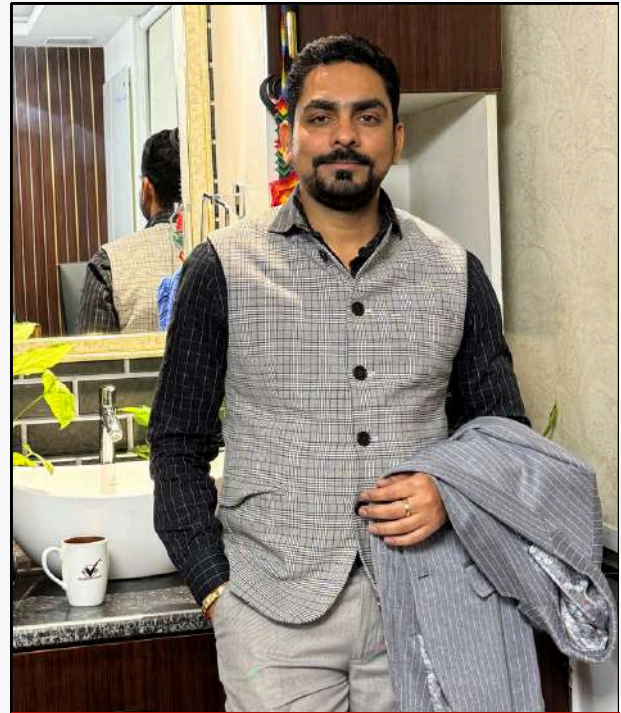

As we welcome 2025, I want to take a moment to express my sincere gratitude to each member of our team. Your dedication, hard work, and commitment have been the driving forces behind our continued success. 2024 was a year of growth, innovation, and overcoming challenges, and I am incredibly proud of what we have accomplished together.

In the year ahead, our focus will remain on excellence, customer satisfaction, and sustainable growth. The industry is evolving rapidly, and to stay ahead, we must continue to adapt, innovate, and collaborate. Embracing new technologies, refining our processes, and maintaining our high standards of quality will be crucial to achieving our goals.

At the heart of our progress is teamwork and a shared vision. Every contribution, big or small, plays a vital role in shaping our future. Let's seize new opportunities, overcome challenges, and work together to make 2025 another year of remarkable success.

I am confident that with your dedication and passion, we will continue to achieve greater milestones.

Thank you for your unwavering commitment. Wishing you all a prosperous, fulfilling, and successful year ahead!

Mr Arunendra Dvivedi

BUSINESS UPDATES

Spade Infotech Pvt. Ltd. achieved ISO/IEC 27001:2022 from SIS Certifications.

It gives immense pleasure to congratulate and announce that Spade Infotech Pvt. Ltd. has been successfully recommended for continuation of certificate for ISO/IEC 27001:2022 certification by SIS Certifications.

SVARN INFRATEL PVT. LTD. achieved ISO 14001:2015 and ISO 45001:2018 from SIS Certifications

The Heartiest congratulations to SVARN INFRATEL PVT. LTD. for successfully achieving IAS-accredited ISO 14001:2015 and ISO 45001: 2018 Certifications.

 **ISO 9001: Turning customer satisfaction into a business standard.**

BUSINESS UPDATES

iQuasar Software Solutions Pvt. Ltd. Obtained ISO 9001:2015 and ISO/IEC 27001:2022 from SIS Certifications

The heartiest congratulations to iQuasar Software Solutions Pvt. Ltd. for successfully achieving IAS-accredited ISO 9001:2015 and ISO/IEC 27001:2022(recheck). At this point, they have established assurance towards the Quality Management System and Information Security Management System.

RE24 attained ISO 14001:2015 from SIS Certifications

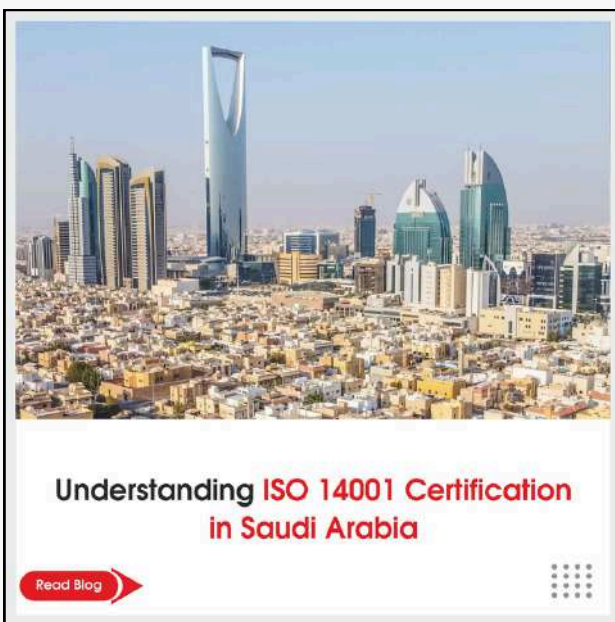

The Heartiest congratulations to RE24 for successfully achieving IAS-accredited ISO 14001:2015. This accomplishment has demonstrated their dedication to safe and healthy environment.

 **Cyber threats don't wait. Stay ahead with ISO 27001 certification!**

Understanding ISO 14001 Certification in Saudi Arabia

ISO 14001 Certification is a globally acknowledged standard that defines the requirements for a successful environmental management system (EMS). In Saudi Arabia, securing this certification is growing in significance for organizations aiming to showcase their dedication to environmental sustainability and adherence to regulatory standards. The ISO 14001 standard offers a structure that assists organizations in recognizing, controlling, observing, and enhancing their environmental performance.

It motivates businesses to evaluate how their activities affect the environment and to adopt strategies to reduce any adverse impacts. This involves handling waste, minimizing energy usage, and guaranteeing sustainable resource management. In Saudi Arabia, companies in different sectors are embracing ISO 14001 Certification to improve their operational effectiveness as well as to satisfy the demands of stakeholders who emphasize sustainability. The certification process entails a comprehensive assessment of an organization's EMS conducted by licensed third-party auditors. After obtaining certification, organizations need to consistently oversee and enhance their systems to ensure adherence to the standards established by ISO.

Protecting the environment is not an obligation, it's an opportunity. ISO 14001 paves the way. 🌱✅

The Implications of ISO 27701 Non-Conformity: How to Address and Prevent Issues

ISO 27701:2019 is an international standard that outlines the requirements for creating, deploying, maintaining, and continuously developing a PIMS. It assists organizations in identifying potential risks associated with privacy breaches and developing effective mitigation strategies.

Implementing a Privacy Information Management System (PIMS) allows organizations to take a proactive approach to data security. It enables them to establish explicit responsibilities for handling personal data throughout its lifecycle, including collection, processing, storage, transfer, and disposal.

 **Strong information security isn't a one-time effort; it's a culture of continuous improvement.**   

The Importance of ISO Certification for Companies in the GCC Region

The Gulf Cooperation Council (GCC) region, which encompasses Saudi Arabia, Oman, Bahrain, Morocco, the United Arab Emirates (UAE), Kuwait, and Qatar has established itself as a center of economic growth and commercial innovation. In this dynamic scenario, ISO certification plays an essential role in achieving organizational excellence, creating international trust, and maintaining long-term competitiveness.

ISO (International Organization for Standardization) is an independent non-governmental organization that establishes worldwide standards to ensure the quality, safety, and efficiency of goods, services, and systems. Obtaining ISO certification demonstrates that a company follows globally recognized best practices, which is essential in a region as interconnected and competitive as the GCC.

Why ISO Certification Matters in the GCC

The GCC region has been highlighted for its numerous businesses, including oil and gas, construction, healthcare, manufacturing, and information technology. In such a competitive environment, ISO certification provides a number of advantages :-

Enhanced market reputation – Companies that have achieved ISO certification receive an advantage in terms of trust and reputation. ISO certification is considered as proof of quality and dependability by clients and stakeholders. This is particularly noteworthy in nations like Saudi Arabia and the UAE, where companies frequently serve to worldwide markets.

The Importance of ISO Certification for Companies in the GCC Region

Regulatory compliance – The GCC region has rigorous regulatory structures. ISO certifications, such as ISO 9001 for Quality Management Systems and ISO 14001 for Environmental Management Systems, assist organizations in complying with local and international legislation, lowering legal risks.

Operational Efficiency – ISO standards promote streamlined procedures and the elimination of inefficiencies. For example, ISO 45001 for Occupational Health and Safety Management is highly relevant in Qatar and Kuwait’s construction and oil sectors, where worker safety is essential.

Access to new markets – ISO certification is sometimes necessary for international project bidding. Companies in Bahrain and Oman wishing to expand abroad benefit from ISO-certified systems, which demonstrate their dedication to quality and position them as dependable partners.

Customer Satisfaction – ISO 9001, for example, emphasizes constant service quality to increase customer satisfaction. In service-driven economies such as the UAE and Qatar, meeting and exceeding consumer expectations is a requirement.

Risk Management – ISO certifications, such as ISO 27001 for Information Security Management, assist organizations in reducing risks by safeguarding essential data. This is especially essential for Bahrain and Morocco’s banking and technology sectors.

The Importance of ISO Certification for Companies in the GCC Region

Key Industries Benefiting from ISO Certification in the GCC

Oil & Gas – The oil and gas sector represents the backbone of the GCC economies. ISO certifications such as ISO 29001 (which applies to the petroleum, petrochemical, and natural gas industries) ensure operational integrity, safety, and environmental compliance, particularly in Saudi Arabia and Kuwait.

Construction & Infrastructure – The GCC is experiencing a development boom, particularly in Qatar (owing to projects such as the FIFA World Cup 2022 Legacy) and the UAE (with a focus on smart cities). ISO 45001 and ISO 14001 certifications are required to ensure worker safety and environmental sustainability.

Healthcare – With increased investments in healthcare infrastructure, particularly in Saudi Arabia and the UAE, certifications like as ISO 13485 for medical devices and ISO 15189 for medical laboratories are becoming more significant.

Tourism and Hospitality – The UAE and Oman are prominent players in the worldwide tourism business. ISO 22000 for food safety management guarantees that hospitality companies provide safe and high-quality experiences for their customers.

Manufacturing – Manufacturing has become more prevalent as the GCC's economies diversify. ISO certifications, such as ISO 50001 for energy management, assist industries in Bahrain and other GCC countries for enhancing energy efficiency and reduce expenditures.

ISO/IEC 27701:2019 Certification – Strengthening Privacy Information Management

In today's digital era, data privacy has become a critical concern for businesses and individuals alike. Organizations worldwide are required to comply with stringent data protection regulations such as the General Data Protection Regulation (GDPR) and the California Consumer Privacy Act (CCPA). This is where ISO/IEC 27701:2019 plays a vital role in establishing a robust Privacy Information Management System (PIMS).

What is ISO/IEC 27701:2019?

ISO/IEC 27701:2019 is an international standard that provides guidelines for implementing a Privacy Information Management System (PIMS) as an extension of ISO/IEC 27001 (Information Security Management System - ISMS) and ISO/IEC 27002 (Security Controls). It helps organizations manage and protect Personally Identifiable Information (PII) while ensuring compliance with privacy regulations.

Key Features of ISO/IEC 27701:2019

- **Privacy Governance:** Defines policies, procedures, and controls for protecting PII.
- **Risk Management:** Identifies, assesses, and mitigates privacy risks in data processing.
- **Roles & Responsibilities:** Establishes clear responsibilities for data controllers and processors.
- **Regulatory Compliance:** Aligns with global data protection laws such as GDPR, CCPA, and others.

ISO/IEC 27701:2019 Certification – Strengthening Privacy Information Management

Why is ISO/IEC 27701:2019 Important?

- **Enhances Data Protection:** Strengthens privacy controls to protect sensitive personal data.
- **Builds Trust & Transparency:** Demonstrates commitment to safeguarding customer data.
- **Regulatory Readiness:** Assists in meeting legal and compliance requirements efficiently.
- **Competitive Advantage:** Boosts credibility and trust among clients and partners.

Benefits of ISO/IEC 27701:2019

- **Gap Analysis:** Assess current privacy management practices.
- **Develop Privacy Framework:** Implement policies and controls.
- **Integrate with ISMS:** Align with ISO 27001 security measures.
- **Conduct Internal Audits:** Evaluate compliance readiness.
- **Certification Audit:** Undergo an independent third-party assessment.
- **Continuous Improvement:** Regular monitoring and updates for ongoing compliance.

"SIS Certifications – Setting the Standard"

SIS Certification Supports Vakils Premedia Pvt. Ltd. in Achieving ISO 9001:2015 & ISO/IEC 27001:2013 Certifications

SIS Certification, a renowned certification body, successfully assisted Vakils Premedia Pvt. Ltd. in achieving ISO 9001:2015 (Quality Management System - QMS) and ISO/IEC 27001:2013 (Information Security Management System - ISMS) certifications. These certifications reinforce Vakils Premedia's commitment to delivering high-quality Premedia and ePublishing Services, Web & Apps Solutions, Packaging Artwork, and Regulatory Solutions, while ensuring the security of sensitive information.

By implementing ISO 9001:2015, Vakils Premedia has streamlined its processes across HR, Administration, Sales, and IT, fostering efficiency and continuous improvement. The standard enhances customer satisfaction by maintaining consistent quality in services and optimizing operational workflows.

Simultaneously, ISO/IEC 27001:2013 fortifies data security by establishing robust risk management strategies, ensuring confidentiality, integrity, and availability of critical information. This is especially vital for Vakils Premedia's domain, where data protection is paramount.

With these globally recognized certifications, Vakils Premedia Pvt. Ltd. strengthens its market position, enhances stakeholder confidence, and ensures compliance with international quality and security standards. This milestone reflects their dedication to excellence in quality management and information security within the digital publishing and regulatory solutions landscape.

"SIS Certifications – Setting the Standard"

SIS Certification Supports Carrier Airconditioning and Refrigeration Limited in Achieving ISO 14001:2015 Certifications

SIS Certification, a leading certification body, successfully guided Carrier Airconditioning and Refrigeration Limited in obtaining the ISO 14001:2015 (Environmental Management System - EMS) certification. This achievement underscores Carrier's commitment to environmental sustainability in the manufacture and supply of air conditioners and commercial refrigeration solutions.

By implementing ISO 14001:2015, Carrier Airconditioning and Refrigeration Limited has enhanced its environmental performance, ensuring responsible resource utilization, waste reduction, and compliance with environmental regulations. This standard enables Carrier to systematically identify and mitigate environmental impacts, fostering a sustainable approach in its operations.

- ✓ **Improved Environmental Efficiency** – Optimized energy and resource consumption.
- ✓ **Regulatory Compliance** – Adherence to environmental laws and standards.
- ✓ **Waste Reduction** – Implementation of sustainable waste management practices.
- ✓ **Enhanced Corporate Reputation** – Demonstrates commitment to sustainability and eco-friendly practices.
- ✓ **Competitive Advantage** – Strengthens market position through responsible manufacturing processes.

Carrier Airconditioning and Refrigeration Limited reinforces its dedication to sustainable business practices, aligning with global environmental goals while maintaining operational excellence in air conditioning and refrigeration manufacturing.

"SIS Certifications – Setting the Standard"

SIS Certification Supports Galactic Analytics Energy Limited in Achieving ISO 9001:2015 Certifications

SIS Certification, a globally recognized certification body, successfully guided Galactic Analytics Energy Limited in obtaining the ISO 9001:2015 (Quality Management System - QMS) certification. This achievement highlights the company's dedication to quality excellence in the supply, installation, and maintenance of heavy-duty equipment, supply of spares, and gas process equipment, spares, and accessories.

By implementing ISO 9001:2015, Galactic Analytics Energy Limited has strengthened its operational efficiency, customer satisfaction, and continuous improvement processes. The certification ensures a streamlined approach to quality management, risk mitigation, and process optimization while maintaining compliance with international standards.

Key Benefits of ISO 9001:2015 for Galactic Analytics Energy Limited:

- ✓ **Enhanced Product & Service Quality** – Ensures consistent quality in equipment supply and maintenance services.
- ✓ **Improved Operational Efficiency** – Establishes systematic processes for better workflow management.
- ✓ **Customer Satisfaction** – Focuses on delivering high-quality services that meet client expectations.
- ✓ **Risk Management** – Identifies and addresses potential risks proactively.
- ✓ **Competitive Advantage** – Strengthens credibility and market position in the energy sector.

With this certification, Galactic Analytics Energy Limited demonstrates its commitment to quality-driven operations, ensuring reliable and high-performing solutions in the energy and industrial sectors.

"SIS Certifications – Setting the Standard"

SIS Certification Supports Pepperl & Fuchs Factory Automation Private Limited in Achieving ISO 9001:2015 Certifications

SIS Certification, a globally recognized certification body, has successfully assisted Pepperl & Fuchs Factory Automation Private Limited in achieving ISO 9001:2015 certification. This certification underscores the company's commitment to quality management in the sales of industrial electronic components and systems as supplied by Pepperl+Fuchs SE Germany and its worldwide facilities.

ISO 9001:2015 is an internationally acclaimed Quality Management System (QMS) standard that enhances organizational efficiency, customer satisfaction, and compliance with global quality benchmarks. By implementing this standard, Pepperl & Fuchs Factory Automation Private Limited benefits from:

- Enhanced Customer Satisfaction: Ensuring consistent quality in products and services.
- Process Optimization: Streamlining operations for improved efficiency.
- Risk Management: Identifying and mitigating risks in sales and distribution.
- Global Market Recognition: Strengthening credibility in international markets.
- Continuous Improvement: Establishing a culture of ongoing process enhancement.

Achieving ISO 9001:2015 certification through SIS Certification reinforces Pepperl & Fuchs Factory Automation Private Limited's dedication to quality excellence and customer-centric operations, strengthening its position in the global industrial automation market.

Celebrations

Happy Work Anniversary

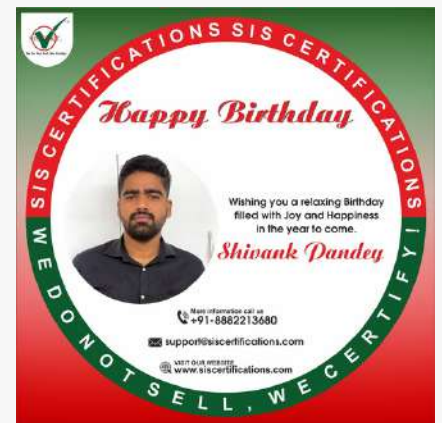

We sincerely appreciate your dedication, hard work, and commitment. Your contributions have been invaluable, and we are grateful to have you as part of the team.

Thank you for your continued efforts and for making a difference every day.

Wishing you many more successful years ahead! 🚀👏

Celebrations

Happy Birthday !

🎉 Happy Birthday! 🎉

Wishing you a day filled with joy, success, and good health! ✨ Your dedication and hard work inspire everyone around you, and we celebrate the impact you make every day. May this new year bring you exciting opportunities, great achievements, and endless happiness.

Enjoy your special day to the fullest! 🎂 🎈 🥳
